

Health & Safety in Education

This programme meets the Institution of Occupational Safety and Health (IOSH) 'Working Safely' standards and will give anyone working in an educational setting basic knowledge of health and safety. It covers the essential facts to help you work more safely and contribute to the overall safety of your organisation. The programme is divided into five, succinct learning modules with questionnaires to test understanding. The programme concludes with a final proficiency test that covers the content of all five modules.

The programme comprises five modules, five questionnaires and a proficiency test.

Its content covers:

- an introduction to health and safety, the fundamental concepts and risk assessment
- common workplace health and safety hazards and how to control them
- improving performance
- the Plan, Do, Check, Act approach to managing health and safety
- emergency procedures, accident investigation and first aid.

- ✓ The Health & Safety programme is enhanced with a narration feature for accessibility purposes.
- ✓ Accredited by RoSPA.
- ✓ Available online only.
- ✓ This programme is level 2 (as graded against the nationally accepted levels for training programmes).
- ✓ Delivers 6 CPD hours.
- ✓ 80% pass mark.
- ✓ Certificate upon completion provides evidence of learning.
