# Written by experts to provide you with expert knowledge

All our courses are high-quality, interactive and engaging. They're written in partnership with leading experts to ensure the very best, and most up-to-date, advice and information is included.

We collect, distil and distribute essential expert knowledge, providing simple, relevant and memorable content to empower people with the confidence to act.

Courses are divided into clear, concise modules with video to highlight key learning points and optional narration for accessibility. Modules conclude with multiple choice questionnaires and additional resources are provided to expand learning.

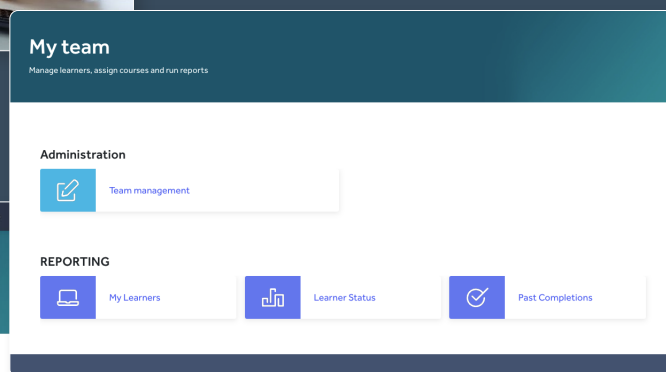

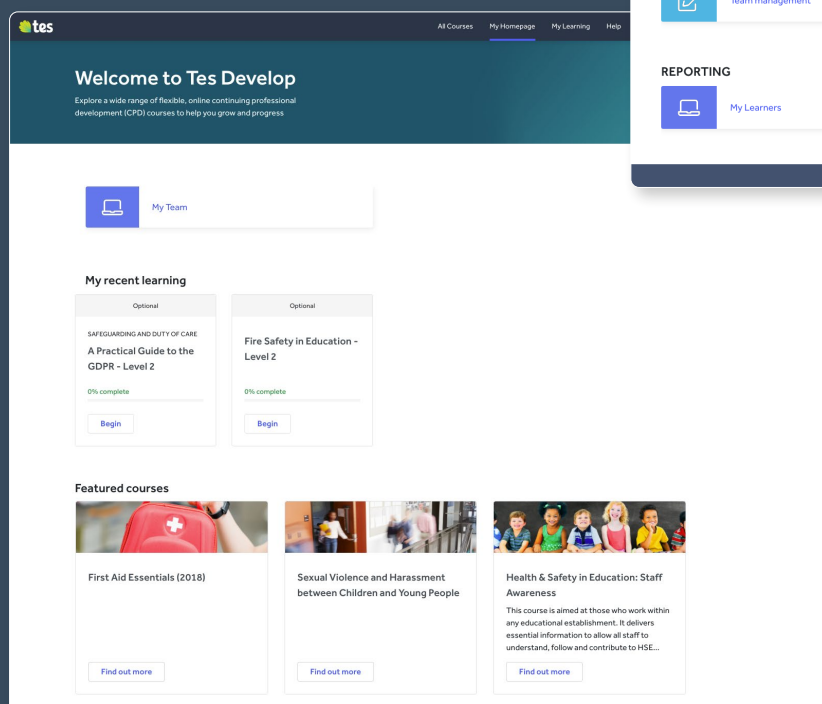

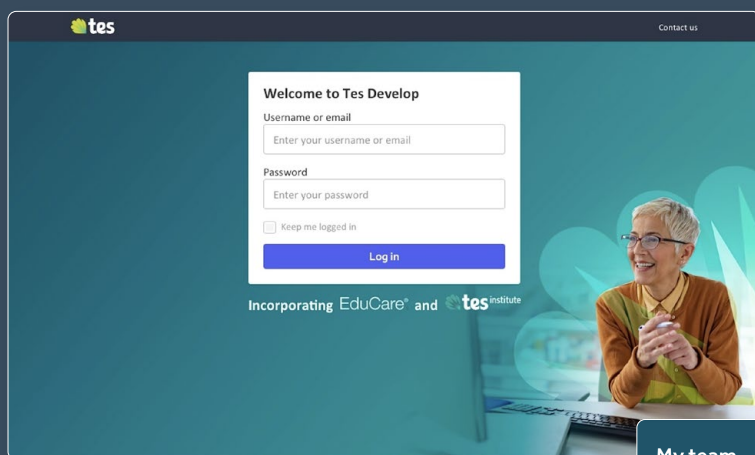

## Our partners include:

# Delivered via our learning platform, Tes Develop

Courses are delivered via our learning platform, Tes Develop. This gives all your staff a single point of access to all their safeguarding and duty of care training. Staff can print out personalised certificates for their completed courses, return to their courses to refresh their knowledge whenever they need to, and print PDFs of the course transcripts to keep to hand.

You can set staff courses to complete, monitor their learning via the reporting suite and provide evidence to inspectors.

#### As a Dyslexic learner having all the...

As a Dyslexic learner having all the information read out is amazing as it allows me to complete the course quickly and I don't find it as tiring not having to read it all. Thank you.

#### Excellent

I found working on EduCare very simple, all the courses were outlined clearly, the commentary on each course is a great idea as it is helpful for those who need support with reading and it gives the option to mute it, if you are someone like myself who prefers to read for themselves. They provided some great courses during COVID-19, all courses helped to enhance my knowledge on the subject, I learnt a lot and I have some lovely printed and laminated certificates at the end of it.

#### I've completed lots of courses on...

I've completed lots of courses on EduCare through my work in a primary school, each of the courses have given me more of an insight into what I thought I knew. Would recommend for anyone to increase their knowledge on a variety of different subjects.

#### Really enjoy EduCare Courses

Really enjoy doing EduCare Courses, very interesting and offer great learning development to broaden knowledge. Also they do not take too long and are easy to access and printing the certificate at the end. Another good feature is being able to leave and continue the course when you have to leave mid way.

#### Great selection of courses.

There are a great selection of courses at EduCare. They are easy to use and the content is varied and interesting, not just all reading or listening to one voice all the time. It is interactive and there are quizzes at the end of each module so you can see how you are doing and if you are grasping the content so you can repeat it if you feel you need to. There is also a downloadable resource section which you can download and keep for future reference, you've got it to hand should you need it in the future. At the end of the course you get a professional looking certificate to print off and put in your CPD file.

#### Excellent courses

Excellent courses. They are interactive and maintain your interest. They contain all relevant current legislation as well as good practice. You can print off your certificate on completion and also download the badge. You can also print off a pdf of the course to refer back to. I have now completed 25 courses (some through an account that my work has registered for me and some through a second personal account). The customer services respond promptly to any queries and are very kind and helpful. I highly recommend EduCare and will continue to access further courses.

# What schools say...

**”** *EduCare has far exceeded our expectations. Now everyone in my school can take ownership of our essential policies for the welfare, care and protection of our pupils. During our recent inspection we were commended on our pastoral care and welfare of our pupils.*

**JOHANNA STAUNTON**

Headteacher, Laleham Lea School

**”** *I have recommended EduCare to other schools in my area. The courses are very authoritative – they contain some brilliant modules which really help in the day-to-day running of the school.*

**DUGGIE SPEIGHT**

Headteacher, Carleton Endowed School

**”** *We chose EduCare as it gives an annual licence which is unlimited for our staff and governors and we can do all of our statutory training. It keeps everyone's training current and fresh and it's at the forefront of their minds."*

**JULIA WHITE**

Partnership school business manager, Cirencester Primary and Down Ampney C of E Schools

**”** *All of our staff feel the child protection and safeguarding courses are an effective way of reinforcing their obligations to our pupils. We've made EduCare training a mandatory element of staff inductions.*

**PHILIP MOERE**

Principal, Abbey College

# Learn for less than the price of a cup of coffee

We believe that you should never have to pay more than £2 per learner, per course when you buy our online learning service. That's less than your average flat white!

You'll simply pay one annual, all-inclusive price for unlimited access for all your staff – plus our full reporting suite – based on pupil enrolment numbers.
