EduCare®

Implementing the GDPR

This course is for owners, trustees and managers operating a childcare service. It covers the key steps childcare providers need to follow to implement the General Data Protection Regulation (GDPR) in their setting. The GDPR encompasses any personal data that is stored and processed on a standalone computer, a network server, a mobile phone, in the Cloud or as hand written notes.

Key features

- Level 2 course (as graded against the nationally accepted levels, equivalent to GCSE grades A*-C).
- A fully interactive course, comprising two modules and two questionnaires.
- Two CPD credits*.
- Personalised downloadable certificate.
- 70% pass mark.
- Optional narration for accessibility.
- Additional resources for further learning and printable modules for future reference.

*1 CPD credit equates to up to 1 hour of learning

Course objectives

This course outlines the key steps required to implement the General Data Protection Regulation in a childcare setting and will help you to understand:

1. the new GDPR and its associated terminology
2. the six GDPR privacy principles
3. the key steps for complying with the GDPR
4. the data controller fee
5. record keeping duties
6. GDPR consent
7. data protection impact assessments (DPIA)
8. ICO breach notifications
9. how to promote good practice within your setting.

Why choose us?

" The training you provide is fantastic, we use the training for staff meeting and for updating our committee. Absolutely brilliant, we use the training all the time. We wouldn't be without it. "

Rebecca Cox
Manager, Cholsey Pre-School
