

Health & Safety in Education: Senior Leadership and Management

This course is aimed at Senior Leadership Teams within all educational establishments. It covers the essentials of developing effective safety management systems that are in line with the HSE's Managing for Health and Safety framework (HSG65).

Key features

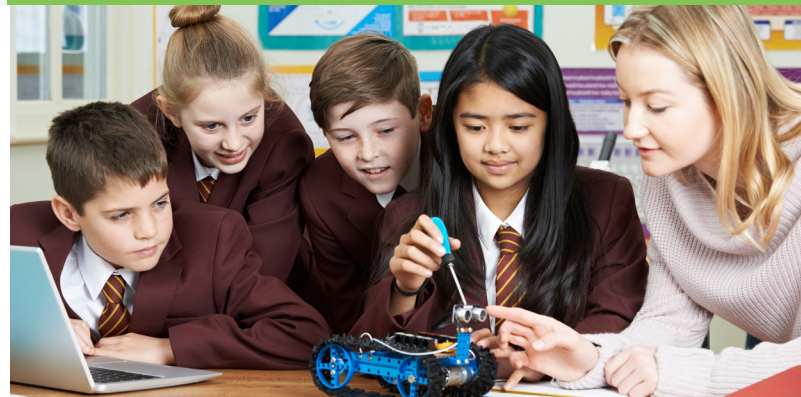

- Level 2 course (as graded against the nationally accepted levels, equivalent to GCSE grades A*-C).
- A fully interactive course, including optional narration for accessibility, comprising one module and one questionnaire.
- One and a half CPD credits with a personalised downloadable certificate.
- 70% pass mark.
- Additional resources including downloadable infographics and additional scenarios to contextualise health and safety understanding.
- Printable module for future reference.
- Approved by ROSPA.

*1 CPD credit equals up to 1 hour of learning

Course objectives

By the end of the course you will have covered:

1. Recent health and safety statistics (HSE 2016/17).
2. Statutory compliance - the legal framework and who enforces health and safety law in the UK.
3. Leadership and governance arrangements for managing health and safety, using the Plan, Do, Check, Act process.
4. Policies and procedures.
5. Performance management and monitoring to ensure systems remain effective and highlight gaps in performance.
6. The importance of staff training to embed a health and safety culture.
7. Risk assessments including the HSE's 5-step process.

Why choose us?

“ Each module is clear and concise. The illustrations provided are excellent and help as a visual reminder of the area you are talking about. It is useful to be able to review the units when doing the questions in case something has temporarily slipped your mind. ”

Susan Innes,
Business and Admin Lead, Manor Farm Pre-school
