# EduCare®

Health & Safety in Education: Staff Awareness

This course is aimed at those who work within any educational establishment. It delivers essential information to allow all staff to understand, follow and contribute to HSE compliant health and safety systems implemented by their organisation's leadership.

EduCare® Health & Safety in Education: Staff Awareness

Key features

- Level 2 course (as graded against the nationally accepted levels, equivalent to GCSE grades A*-C).

- A fully interactive course, including optional narration for accessibility, comprising one module and one questionnaire.

- Two CPD credits with a personalised downloadable certificate.

- 70% pass mark.

- Additional resources including downloadable infographics and additional scenarios to contextualise health and safety understanding.

- Printable module for future reference.

- Approved by ROSPA.

*1 CPD credit equals up to 1 hour of learning

Course objectives

By the end of the course you will understand:

1. The legal position and who enforces health and safety law in the UK.

2. Health and Safety policies and procedures.

3. Risk assessments - including the HSE's 5-step process for undertaking them.

4. The importance of communication, co-operation, co-ordination and consultation in your organisation.

5. Statutory inspection, maintenance and monitoring of systems and equipment.

6. Specific health and safety considerations including fire/emergency procedures, first aid, display screen equipment, working at height, manual handling, hazardous substances, electricity, welfare, asbestos, water hygiene and lone working.

Why choose us?

" EduCare have been the primary provider of online Child Protection training for Solihull College and University Centre staff since October 2014. We felt that the EduCare product was engaging, current, well presented and sufficiently detailed, whilst their customer services are responsive and supportive. "

Reza Mosavian,
Head of Learning Technologies, Solihull College
