

How to be an Effective Fire Warden or Fire Marshal

This course is aimed at employees who undertake additional fire safety roles and responsibilities in the form of fire marshals or fire wardens as part of their daily duties as identified in your organisational fire safety management systems, fire risk assessment and emergency evacuation plans.

Key features

- Level 2 course (as graded against the nationally accepted levels, equivalent to GCSE grades A* - C)
- One module with a multiple-choice questionnaire
- Two CPD credits*
- Optional narration of the course module and questionnaire for accessibility
- Personalised downloadable certificate
- 70% pass mark
- Printable module for future reference

*1 CPD credit equals up to 1 hour of learning

Course content

The course covers:

- the importance of effective fire safety procedures
- the legal position and the requirement for effective safety management systems that demonstrate statutory compliance
- what should be included in a fire policy and procedure
- the systems required to ensure the safety of vulnerable people such as employees or visitors with disabilities
- fire wardens and fire marshals and what their roles and responsibilities entail
- the fire triangle and the common causes of fire in the workplace
- top five fire hazards and how to manage them in a safe and effective way
- the different classes of fire and their meanings
- how to prevent the spread of fire and what you need to know to save lives in the event of evacuation
- fire measures, drills, signage, fire detection to aid in the safe evacuation of a building in the event of a fire and the uses of a range of fire-fighting equipment.

This course is suitable for

Anyone who undertakes additional fire safety roles and responsibilities within the workplace

Key features

- Visually engaging and highly interactive
- Information on how you can assist your employer with fire safety procedures as a fire warden or fire marshal, or a combination of the two
- Answer explanations for those who achieve the pass mark
- Additional resources to expand learning including a printable 'Fire extinguishers and their uses' table.

Purchase options

1. Available as a standalone course on the EduCare website.
2. Buy as one of our EduCare for Education multi-course licences for educational establishments. For further information, please call 01926 436212 to discuss purchase options and licences.

The fire triangle

The rules of fire prevention are simple, a fire cannot start or will die if it does not have one of the below:
Drag away one side of the triangle to the bucket to put out the fire:

Sources of fuel

Within your workplace, there will be many sources of fuel; for example:
Click the images:

Fire extinguishers

For each type of fire the table below identifies the correct type of extinguisher to be used. As a fire warden or marshal you should be trained in the use of fire extinguishers. There is a handy print off in the 'Resources' of this course.
Click the coloured labels below to find out more:

	Class A Combustible materials	Class B Flammable liquids	Class C Flammable gases	Class D Flammable metals	Class E Electrical equipment	Class F Deep fat fryers	Comments
Water	✓	✗	✗	✗	✗	✗	Do not use on liquid or electric fires
Foam	✓	✓	✗	✗	✗	✗	Not suited to domestic use
Dry powder							
CO2							
Wet chemical							

Why choose us?

“ EduCare provides a clear and simple mechanism to train staff in a variety of crucial and mandatory areas. Staff numbers continue to grow and time to deliver training face-to-face is becoming ever scarcer due to increased legislation. ”
